Hi all,

I recently bought some stock via a direct stock purchase plan at Computershare. Now these shares are held as Plan Holdings and not "pure DRSED" Book-Holdings (with pure I refer to the AMA with Paul Conn).

When looking at Gamestop's 10Q filing it says: " As of October 30, 2021, 5.2 million shares of our Class A common stock were directly registered with our transfer agent, ComputerShare".

I understood that all shares held with Computershare are safe from being lent out and are actually mine (I hope that's correct?). The question is: Are all of the shares (Plan or Book) also included in Gamestop's 10Q count?

Thank you in advance for any wrinkly apes that know the answer!
