The image shows the ProtonVPN website landing page. At the top, there is a navigation bar with links for ProtonMail, ProtonCalendar, ProtonDrive, and a language selector set to English. Below this, a secondary navigation bar contains links for About, Features, Pricing, Blog, Support, Sign In, and Create Free Account. The main heading reads "Protect yourself online" followed by the subtext "High-speed Swiss VPN that safeguards your privacy." A prominent button labeled "Get Proton VPN now" is centered below the text. Underneath the button are icons for various operating systems: Windows, macOS, Linux, Android, and iOS. The lower portion of the page features a dark-themed interface showing a world map with server locations, a sidebar with server categories, and a status section indicating a connection to Switzerland. A red rectangular box highlights the "Create Free Account" button in the top right corner. A red line originates from this box and points towards the bottom left, where a purple banner contains the text "Go to protonvpn.com and create a free account".
