So got up early in UK and saw the news (we go to bed early as have a baby so sleep is a premium), was all super happy and that but carried on with breakie, nappy changing and all the normal stuffs.

So sat down for my morning constitutional and my brain was like, "huh huh wouldn't it be funny if just as hedges work out how to cover their asses on this stock split RC dropped the DPO of Gamestop Entertainment via blockchain".

Suffice to say I had a really happy poop but I know nothing really and my poor sleep deprived brain does struggle with all the DD so I am probably talking crap, either way I'm all over excited and so I thought I'd post so you lot can call me a stupid twonk!

Have a great day anyways, I am already!
