After the youtube channel being taken down and the upcoming IPO of reddit. We might have to venture out or migrate, in case we find ourselves in the same drama as last year.

First things first, if all goes down, we meet at youtube..

but if we need something more permanent, we could use the following threads a fellow ape created. It's based on hive.io web3 technologies. You get paid directly to peer review and posts, you can also vote for mods. You can get muted by a mod, however nothing is ever deleted from the blockchain.

These communities reach across all of HIVE's social media platforms, including 3Speak video.

And if all fails, we have a GME-SuperStonk-Jungle on Aether:
