\$GME UK ape here....Wonder what the UK FCA would have to say about Shitadel stealing from us UK Apes! They ILLEGALLY naked shorted the stock, they never intend to pay their FTDs which is ILLEGAL, they trade on dark pools and mislead the retail investor.... The likes of Etoro in the UK mislead investors saying that the shares are actually owned! Etoro & 212 have a lot to answer for.... Time for the DOJ, SEC & UK FCA to send these criminals to jail, and pay us what we are owed for investing in such progressive companies! NWFG!
