DAVID INGGS

David Inggs

David Inggs is Global Head of Operations at Citadel and is responsible for all products across Asset Servicing, Billing, Cash Management, Clearing, Collateral Management, Reconciliation & Control and

Settlements.

Prior to joining Citadel, David served as Chief Operations Officer of E*TRADE where he led operations globally across Trade Execution, Global Clearing, Middle Office and Shared Services, among other functions. David spent most of his career at Goldman Sachs, where he was a Managing Director and held numerous leadership positions over the course of a decade, including Global Head of Clearing Operations and Head of Credit Default Swaps and Equity Derivative Operations. David also worked at Morgan Stanley, where he served as an Executive Director and Head of Global Bank Loans, in addition to work in credit derivatives and collateral management.
