We regret to inform you that your post has been removed because your account does not meet our limit of 4800 karma (combined comments/post karma - AWARD KARMA DOES NOT COUNT). Please get some more karma and try again. Thank you for understanding that these requirements exist for the benefit of the community, as it helps cut down on trolls, spam, shills, and otherwise harassing people.

These restrictions are coupled with our new Approval bot, Satori, which is currently approving users with solid post and comment history. Do not message mods about being approved, as we are currently working as fast as we can. Thank you!
