Hey everyone, what a week! I can't believe all the things we've uncovered with the split dividend release. I can't wait to see how this whole thing plays out for the DTCC.

I'm wondering how I can get a creator account on the marketplace before the masses are brought on to our great platform. I've been doing art on my iPad since the first iPad was released and it's really the only thing that gives me an opportunity to escape.

I'd like to share my creations and series of astronauts that I've been working on. A lot of the money would go to my mother and more GME. If anyone can help me through the process that would be so appreciated!
