Sorry for the unrelated question, smooth brain here, does the cftc bullshit and the shit about not having to report being delayed to like 2022 have anything in relation to can kicking the moass ?

Edit:2023

Sounds like it's only what has to be reported. Which wouldn't affect can kick. Just keeping the secrets under a wrap...

Maybe they want to hide these zombie companies that are popping up lately and having mysterious price surges around the same time as the meme stock bundle.

But, I haven't really gotten to dig into that post yet
