Hi there apes. Could you let me know where I can buy DRS shares? I dont want to play with transferring myexisting shares I just want to buy them and get stright DRS. I'm from Denmark.

Should i use VPN and oppen computershare account in US?

Are there any other broker in Europe that I can do it?

As I said I dont want to play with transferring.

Any dates for GME going back at least to 200\$ so im on 0 and can sell shares I got and buy DRS ones.
