Hey guys, I think I should thank my girlfriend 'cause she sent me a Gamestop tweet and I found out that I've always pronounced my favorite brand and my favorite stock wrongly. As the title says, it's GamesTop. I think it could be useful 'cause when I had to call Computershare, the bot couldn't understand me and so, I was forced to talk to a representative. My info is not so important but as I always say, knowledge is power! Greetings from Italy!
