2/ The [@Immutable](#) X L2 protocol will be powering [@GameStop](#)'s upcoming NFT marketplace w/ security, speed, 100% carbon neutrality & zero gas fee.

Our integration will allow current & future NFT projects/ economies to access more liquidity & gaming content w/ mainstream users.

4/ There's so much more to unveil & we're excited to share with our communities overtime when the integration completes.

In the meantime, if you're building or going to build a world class NFT game project, submit your project details at nft.gamestop.com
