In case of outage, or difficulty in accessing the DD (due diligence) of GME (gamestop) and the discussions about direct registration, the history of the stock ,the subs and everything else, it will all be here. This site will live as just one of the sources of GME research - numerous other sites are already live.Nothing that you read here constitutes financial advice, and I am not providing any financial advice here - do your own due diligence. I am just here to preserve the conversation for future generations

This site is a work in progress and will be updated as time goes on. In short, it summarises all the content that has been published across Superstonk, GME, DDINTOGME, GMEJUNGLE and superstonkuk, ([reddit.com/r/Superstonk](https://www.reddit.com/r/Superstonk) ,[reddit.com/r/Superstonkuk](https://www.reddit.com/r/Superstonkuk),[reddit.com/r/GME](https://www.reddit.com/r/GME), [reddit.com/r/GMEJungle](https://www.reddit.com/r/GMEJungle), [reddit.com/r/ddintogme](https://www.reddit.com/r/ddintogme)).

The aim of this site is to draw awareness of:

What really happened on 27th January 2021 and beyond - not from "retail apes" but from a wide variety of individuals.

How retail traders are taken advantage of through PFOF and other practices (i.e. Robinhood stopped buying to save themselves)

To bring awareness of all the research that has been made, including external sources outside of reddit-youtube videos, SEC filings, the works.

This site is still a work in progress and will update as time goes on.
