!DRSBOT:100!

Another 100 GME for the pool. Now I need to make the post long enough for the automod... Why though? Why not just exempt CS-posts from this rule?

Since the beginning of this saga I platinumed AC: Odyssey, it's add-ons (currently working on Atlantis) and - except for the normal ending - Sekiro (should get back to that before my muscle memory deteriorates... :-D).
