

Title: This is not investing.... I posted this almost a year ago when I knew almost nothing about MM (Market Manipulation). Now I have some answers and just feel like reposting it.

This is not investing. This is not even gambling. What they are doing are criminal acts.

Hedge Fund Tears 🤔

Yesterday it was a very low volume. But still 9.215 million shares traded when all the shares are in the apes hands

Multiply 9.215 MM X \$191.45 = \$ 1.764 Billion traded on a very low volume day when nobody is selling

1.764 billion dollars just to kick the can down the road hopping for the apes to sell which will never happen for less than 1.0MM

WHERE DO THEY GET THE SHARES FROM. How they can do this shit? Where is SEC? Where is DTCC? Where are the politicians? Why are these thieves allowed to do this?

Some people go to jail or even are killed for a fake \$20 Bill. These guys could fake 20 billions or 20 trillions and nobody see nothing. Who are these criminals ? WTF is wrong with this world?

Apes let's get this world back from the criminals. Now is our chance !
