So I recently bought on IBKR and successfully transferred to ComputerShare, and today I was planning on selling the Etoro shares I was basically transferring (can't transfer GME from Etoro so I gotta buy on Ibkr > DRS > Sell from Etoro at a similar price so I don't get burned while transferring)

AND THE FUCKERS JUST LET ME VOTE BEFORE SELLING

To be honest I'm not really sure they'll send our votes, but shit, cheers to hoping.
