Ok. I am setting up the transfer now. Your shares are registered in your name at Fidelity but give me one moment to transfer them to Computershare. Once the DRS transaction is processed, the shares will no longer be in your Fidelity account, they will no longer be accessible to you on Fidelity.com, and you will not be

Hello I would like to direct register some of my GME shares through computershare.

I can definitely help out with that. While I am bringing up my system to transfer the shares, what is your reasoning in transferring the shares?

able to speak to a Fidelity associate about them. This transaction cannot be cancelled or reversed. It typically takes 3-5 business days for your shares to show at the transfer agent. Going forward, you will need to contact the transfer agent for any information or transaction(s) involving your shares, and you are subject to any fees assessed by the transfer agent. Keep in

by the transfer agent. Keep in mind, a transfer agent is not a brokerage firm, and your experience may be different.

Awesome I appreciate it, you've been very helpful.

Give me just one moment to provide the confirmation number

Removing them from the DTCC.

Because you do not want them
loaned out or for another
reason?

I would like them directly registered
in my name. 15 of them, last in first
out please.
