Has anyone looked into this? Seems like dark pools are coming under the same regulations as lit exchanges if I'm not mistaken. Not gonna lie we're only seeing this because of the T-bill shorting in my opinion so thank u/atobitt for carving a path in the wilderness for us/DOJ/FBI ■

BONUS POINTS: If anyone can go back and look at the exact OI of when the OG \$60m Put bet was made that would be fun to see if it happened after the rule was announced January 26 this year.

Buy DRS GME

Edit: For those curious GME is an NMS security which would force these ATSS to start reporting them if this rule goes into effect ■

Double Edit: Dan Runkevicius had a great article on Forbes which had a useless SEC fact sheet .pdf link it took you to but the OG Bloomberg report has the entire document. WHO CARES? YOU DO! WHY?! According to both articles this was to be set for comment January 26th but if you look closely it says "Insert Date of Filing Here" and unless a wrinkle brain can help I couldn't find it in the Federal Register. They want comments to go to
