First off I have to start by saying never go full retard, but I went to fully DRS the rest of my GME shares and my dumb ass transferred them from computershare back to FUDelity. Smh now I have to wait until Tuesday to send them ALL back. Sheesh. Luckily, the gentleman I spoke do re assured me that it would be a quick and easy 5 minute phone call to restart the transfer process. So I guess what I'm trying to get at here is always pay attention to what the hell your doing. Don't do what I did ladies and gentlemen. I've been patiently waiting and lurking here. All these DRS post got me to start this process (even though I fucked it up) stay motivated out there apes.
