Boston Consulting Group

bcg.com

Boston Consulting Group is an American global management consulting firm founded in 1963, headquartered in Boston, Massachusetts. It is one of the Big Three — the world's three largest and most prestigious management consulting firms — along with Bain & Company and McKinsey & Company. They got destroyed on March 24th, 2022 by the gigantic balls of Ryan Cohen, when he exposed them for the crooks that they are. Wikipedia
