Can anyone explain whats behind all that scenario of RC buying BBBY stock? Or i didn't understand right? Why did he do so? Why not GME buyback instead? And why is he trying to chat with BBBY management? Thanks for anyone who can response to that ■

I can see the chart, its pretty similar to what GME has prior to January, but also other stocks does such as Koss or Silica that nobody even talks about, so im ignoring the charts for a sec, just wants to know whats RC got on BBBY, why them?
