Is_self: False

I don't know how or why the glitch happened but I wont delete my [original post](https://www.reddit.com/r/Superstonk/comments/mxwoil/how_steve_cohen_got_away_once_and_why_gme_might/) so you can see for yourself.

I looked into it further and found interesting stuff surrounding a certain hedge fund manager, Steve Cohen.

[Well lets find out shall we?](https://preview.redd.it/a7ksluyj29v61.jpg?width=1851&format=pjpg&auto=webp&s=620c22fe129328dfcb72b19a9f4f8c6b95062f9e)

You can read the whole picture above, the highlighted part is just the main takeaway.

[Pretty \"lucky\"](https://preview.redd.it/69tpk92o29v61.jpg?width=1135&format=pjpg&auto=webp&s=38286b12efae0576cf66635238e3d096f067944)

I'm sure those were just good guesses...

[HMMMM](https://preview.redd.it/qg1e46e429v61.jpg?width=1096&format=pjpg&auto=webp&s=e3c588211fae4e40c50bc28ce4111dadd60175a)

Yes yes, just "rumors." Ignore the entire former hedgefund he used to own which was SHUT DOWN by federal investigators.

[The hedge fund he used to manage](https://preview.redd.it/0umd7f8729v61.jpg?width=1344&format=pjpg&auto=webp&s=ad7cf0f76448981522121d3710a4c46e9e4457ae)

Steve founded and was in charge of the hedge fund SAC Capital Advisors.

[Just when you think there's gonna be justice...](https://preview.redd.it/ucpebasb29v61.jpg?width=1422&format=pjpg&auto=webp&s=3b75587451816405254134f90696f5ed406d2a21)

Of course, they were doing more than just what they said. Eventually it caught up to them, or rather, *some of them*. Steve was able to avoid any charges. The fund itself closed, but as you can see, the man behind it all got away, and was easily just as able to continue.

Well, Well, Well... His new hedge fund, which replaced the one shut down for insider trading, lost 15% thanks to GME.

[Well what a coincidence](<https://preview.redd.it/77v8n04u29v61.jpg?width=1019&format=pjpg&auto=webp&s=b959af99d80e2b50923d510fb4e6450aae496ede>)

Not only that, but the CEO of Melvin is a former colleague of Steve. He just happened to "invest" in Melvin, AND CITADEL, when they lost the most money from gamestop. [Source](<https://www.stamfordadvocate.com/business/article/Steven-Cohen-s-Point72-invests-750-million-in-15903430.php>)

[Isn't that the one....](<https://preview.redd.it/cvakcfsy19v61.jpg?width=988&format=pjpg&auto=webp&s=29ca0a763e65a6ac9a6b975ff03c6b763edeba0e>)

They worked together at the same firm that led to multiple arrests for insider trading. crazy

Edit: accidentally posted the same screenshot twice, corrected it now. The screenshot with the caption "pretty lucky" was the same one as the picture above it before.
