#We can hit 13 million by then!!

Don't let your broker screw you out of the stock split dividend **\*\*SHARES\*\***.

Think about trading in your other investments for the BEST investment. The ONLY investment with such a massive turnaround plan and the BIGGEST short sq—ze potential.

Get out of Etoro and T212 on your own NOW so they can't force you out during the early stages of launching and make you miss out on your hard-earned tendies.
