Fidelity

Chat with us

In regular circumstances, I'd be happy to help. Unfortunately GME DRS is not available at this time due to the 4 to 1 stock split. This is because DRS is unable to take place while a corporate action is occurring.

that is interesting. i have already seen others having success today with their drs requests

Those that initiated transfers already today will not go through.

i will look into the legality of this. thank you .Jason from fidelity
