Merry Christmas!■ My gift to you is hopefully a good video short story to watch today.■■ This time the focus is on GME, Naked Shorts, and the Hedge Funds and financial institutions using them to bankrupt growing or innovative companies for pure profit. I gathered all the DD about this and hopefully made something fun and easy to digest for new or unsuspecting watchers.■ I feel like this might be the best way to get information out about what's going on in the financial markets today. Most of the art/music is from me with a few additions from other artists. Hope you guys have a happy holidays and get a few chuckles out of this video. Enjoy! ■
