Hey there. Sorry for the generic post. Last year I bought about 5 GME stocks and been holding ever since. I never read this sub or follow up on news. I don't follow the stock market at all.

What should I be doing with the stocks? I don't plan on selling anytime soon but I guess I just want to know what to expect in the near future. I'm using Robinhood.

Once again I apologize for the stupid post, I just don't follow this as closely as I would like and honestly just have no clue what's going on. Any help is appreciated!

Thanks!
