Hello friendo / ape !before you dive in be advised, speaking about pulte at the stonk is liable to get you harassed, banned, shadowbanned, threatened, suicide reported, spoofed, login attempts, hacks, phone calls, etc and ruin your reputation of any DD provided. at this point i do believe is affiliated with the bad guys but beware!

please also note that these are pros. if you notice Pulte has put in place a method of repeating one self with such comments as " I did not work at x company or x capital at x years etc" this is a method of covering his ass but also implements control over apes as many responses will include "but he didnt work there at that time" when someone questions pultes background.

below is nothing but connections of pulte to all our favorite bad guys as well as his own family history which is filled with crime and bullshit. pulte is a hedgefund stooge who works with companies like BCG and Bain to acquire them and flip them , he also lives down the street from kenneth in boca raton and makes reg contributions to romney and trump.

good luck!

The Pulte Files - Part 5: The White Knight & The King of Private Equities

This will conclude my look into Bill Pulte and hopefully clear somethings up for everyone.

This post will look at Bill Pultes way of utilizing his company "Pulte Capital" to team up with Massive Private Equity Firms and flip businesses & boards for profit.

To start lets listen to Mr Pulte Himself and how this process takes place

[Pulte spills the beans\](<https://imgur.com/gallery/URIXNIa>)(<https://imgur.com/gallery/URIXNIa>)

Now that we have heard how it works lets look into who exactly are these big private equities that Bill Pulte works with? The easiest way to figure this out is looking into the staffing at the companies during the process of which bill aquires them.

For example around 2018-2019 Pulte Capital made the push to acquire ICG.

\[Pulte acquires ICG]\(<https://imgur.com/gallery/R2Wi8UD>)

Now between the time Pulte comes in to acquire and the time the announcement that the company has been acquired things take a strange turn. Suddenly ICG is hiring former Blackrock,BCG,Goldman Sachs & Bain Capital employees...■

\[former bcg gone icg]\(<https://www.linkedin.com/in/esther-kempe-nayyar-8ba9031b?originalSubdomain=uk/>)

And what did ICG have to say in regards to all this?

\[icg on bcg]\(<https://imgur.com/gallery/S1BXurp/>)

Still not convinced?

Lets give the mic back to bill pulte then about another company he worked with.

Hello GME Jungle. For the last week i have been shadow banned, blocked, threatened, death reports and mods telling me i cant post anything into pultes businesses / Shenanigans solely because he is buying and apparently its harassment.

The Pulte Files - Part 3: The BCG / Cashapp / Twitter Connection

We all know by now that a certain someone utilizes Twitter/Cashapp as there sole platform. In this post i wanted to take a deeper look into twitter & cashapps association with BCG.

BCG has long had its fangs in twitter/square & cashapp. They are also friends with Jack Dorsey. Who in

turn is best buds with the current prom king of SS sub.

The Pulte Files - Part 4: BCG Rules everything around me

April 4th 2022 cashapp suffered a huge data breach but thats not the only one who suffered a data breach.

On October 24th 2021 Pulte Mortgage had indeed suffered a massive data breach.

\[Pulte mortgage breach]([https://apps.web.maine.gov/online/aeviewer/ME/40/4facdc11-1686-45b4-b650-04f245df1eb5.shtml])(https://apps.web.maine.gov/online/aeviewer/ME/40/4facdc11-1686-45b4-b650-04f245df1eb5.shtml))

\\Pulte Mortgage Breach\\(https://www.jdsupra.com/legalnews/data-breach-alert-pulte-mortgage-llc-8051682/)

Flash forward to March 4th 2022.

Pulte Mortgage sends out an email announcing the breach to its clients

(That letter can also be found in the first link above)

Now onto the BCG part.

Pulte Mortgage offers its clients 24 months of “data security” via a company called Kroll / Kroll Securities due to the nature of the breach.

For a guy who’s so outspoken about his disdain for BCG the name Pulte sure does hire a lot of companies that facilitate former/current BCG employees

The Pulte Files - Part 2 : The Great Harvest

I’m starting to believe after the data I have seen online that Pulte Capital is harvesting Data under the guise of giving out money to people on Twitter and through Cashapp. I am not sure what is being done with this data but I find it very strange that when Pulte is asked politely online, you get blocked.

I also find it extremely concerning that Pulte showed up here around the same time Cashapp had a massive data breach. \\The information in the reports included users’ full names and brokerage account numbers, and for some customers the accessed data also included brokerage portfolio value, brokerage portfolio holdings, and stock trading activity for one trading day.\\(https://www.google.com/amp/s/techcrunch.com/2022/04/05/block-cash-app-data-breach/amp/)

If Pulte is harvesting data via his “philanthropy” and this data leak is connected it would make sense to move over to Superstonk. There are a lot of investors here on Cashapp. And I’m sure people have already started following him and probably even participating in the “free money” game.

\\This is straight out of the Greg Bates handbook. Build a large audience by giving stuff away to people who bring in more followers. Then monetize that audience, which you didn’t get from being interesting or creating a product, without telling your audience that they are in fact your currency.\\(https://tbdailynews.com/grandson-of-real-estate-magnate-is-trending-on-twitter-for-giving-out-100000-but-it-looks-like-a-data-harvesting-scam/)
