Just in case you guys haven't figured it out yet. There is only one thing that matters. Papa Cohen and co may have keys to the rocket ship but so do we. Let's cut the bullshit already. Our destiny is in our own hands.

No more wishing for dips to low values, no more T+69, no more cyclical cycles of disappointment, no more quad witching SSR hype.

T+DRS, once T+DRS is completed then SS GameStop will be in orbit with Captain Ryan FKN Cohen at the helm.

Don't get fucked and secure you seat now. DRS #LockTheFloat
