[Americana](<https://www.americana.io>) is backed by Alexis Ohanian's [776](<https://sevensix.com>)

Alexis Ohanian is long GME (there's a Bloomberg article I can't find where he mentions this, and also [this tweet]([https://twitter.com/alexisohanian/status/1354174741410508800?s=20&t=Rc6lc0ioGxD7bFlvc\\_nPQ](https://twitter.com/alexisohanian/status/1354174741410508800?s=20&t=Rc6lc0ioGxD7bFlvc_nPQ)))

[GME could merge with 3BY](<https://www.youtube.com/watch?v=XAoNSH69lkl&feature=youtu.be>)

hmmmm,

Im thinking it would make a lot of sense to use 3BYs stores as GMERICA / AMERICANA storefronts where if you buy a verified physical item via NFT you can have it delivered to a GMERICANA location to enjoy or pickup. Also to deliver sold Americana physical items.

Im thinking GME NFT is the marketplace.

Americana is the physical to digital link (via the americana chip) + 3D scanning and certificating originality of item ([check out this thread](<https://twitter.com/TheGingerLedger/status/1560431240670392320?s=20&t=qG56NMGC4hNPNgnf0hRoXQ>))

GMERICA are the storefronts on 3BY locations.

I think this makes a lot of sense.

No proof of anything heading this way, but I think it would be awesome.

Also, Americana is a project started by [Jake Frey](<http://freylabs.com>)

Probably Nothing.
