

Title: Serious question. Is CS FDIC insured? Would it be smart to open up 100 bank accounts if not?

FDIC insured covers 250k if I remember correctly. If CS should go bankrupt would my gme be safe? I feel like the US government would rather bankrupt banks then bail them out instead of us all getting paid. 250k is cheaper than my floor. All this crime has had me thinking. Serious question though. Not FUD just want to educate myself.
