hi! I'm a launch creator on the gamestop NFT platform. I go by Chippy, and i make interactives / games to mint on the GME platform. many of you have collected my work, so THANK YOU.

I just wanted to stop by and see if there's feedback from the community about how to better price and market my work. I want to make sure I make something for everyone who's interested in collecting. Thanks :D ! If you haven't yet seen my work , you can check it out here:
