## # 0. TLDR

I have been compiling, organizing, and archiving relevant GME content on [Github](https://github.com/verymeticulous/wikAPEdia#readme) since early 2021. Below is a list of some of the most important due diligence created by apes with many more wrinkles than I.

**\*\*For new and curious apes that stumble upon wikAPEdia, I encourage you to read the content from the source site. There are many apes who have worked tirelessly to create their posts and deserve your upvote!\*\***

## # 1. Overview

I am not a financial advisor, nor is this financial advise. I'm just an ape who has OCD and likes to organize things.

I realize that the table below does not entail all serious or important DD. If there's content that you think should be added, please let me know.
