In his latest tweet outside the Florida Gamestop, RC's caption seemed to be hinting at the transparency law unique to few states, the 1st to enact such being Florida.

"Florida's Government-in-the-Sunshine law provides a right of access to governmental proceedings at both the state and local levels. It applies to any gathering of two or more members of the same board to discuss some matter which will foresee ably come before that board for action."

What state or local meetings were held at or around noon near the Gamestop Ryan tweeted from? My tits are tingling & I think we missed something.
