

Title: Are you still eligible for the splividend even if you buy shares today? Is it really ALL settled shares recorded on 18/07 who will get the dividend?

Title says it all. Suppose my friend wants to buy shares next week, in a broker nonetheless, will he also be eligible for the splividend? If so, why wouldn't everyone outside this community just dump all their savings in right now to easily 4x their money in no time?
