Ape historian post: one year and 10 days ago today, i bought my first ever 2 shares.

since then. i have only bought more.

i have bought every month, except the months, like, for the first time today where i am absolutely fucked financially, 800\$ in overdraft and waiting for payday to clear it.

but still, on this day, i am honouring my gme anniversary hedgies - you cant break me, i will keep buying. because, well, i like the stock.

thanks for the dip you fucks. and thankfully computershare will convert this into some number of shares. see you in 12 days time when i can actually buy again after i get paid.

[small but not small for me, on this day.](<https://preview.redd.it/ar2lwfm0qtm81.png?width=1849&format=png&auto;=webp&s;=a4702a7fefb3c125f4e36029fc57399b211ee76b>)
