The pinata is down. I repeat, pinata down.  

cryptocached

@cryptocached

pinata.cloud is the service provider
[@GameStop](https://GameStop) has been using for their
hosted IPFS gateways.

ipfs.nft.gamestop.com and
ipfs.nft.gstop-sandbox.com have had
their DNS records removed.

Could be a coincidence. Could be a
cohencidence.

Buckle up.
