When I created my account while living in a small town, my street appears with another name in Google and I am going to start the DRS process, so I am afraid that the letters will never arrive, Can I change my address to my mother's house in a bigger city for more security? In case that you can, Does anyone know how? I feel useless asking for help with these kind of things but I don't want to make any mistakes DRSing my GME shares, thanks in advance apes.
