Oh, this is gonna be so good. Voted. Thank you Ryan and DFV, Criand and everyone who contributed to making this epic saga possible. I'm sure everyone here can definitely wait for rocket-to-the-moon time, but prefer it to come asap I know. I could use the money - I've been living without potatoes, pasta or rice for some time now. Fortunately, it's a diet my wife wants to be on, so that's fine by me, the less we have to buy, the better. But I miss the potatoes though. Fries, baked potatoes, potato mash, hashbrowns you name it. But it will all be for the greater good I know! Like the money I put in GME and the popcorns. I like the stocks, and I definitely like the actors behind those companies. They are good people, they know what to do and how. Now we just wait and glee over news about fucked hedgies. LET'S FUCKING GOO!!!!
