Since RC is fueling up the rocket and green dildos are all over the place, I was genuinely curious what the possible scenarios are when trading on GME gets halted. What types of fuckery or not may be played out? I'm all out of wrinkles so enlighten me please.

Edit: To elaborate, given the recent LME fuckery, what similar scenarios our possible in the GME case? By the way, I'm 100% DRSED and jacked to the tits.
