Possible Ryan Cohen Tweets deciphering:

"Flatulence is best icebreaker"

Flatulence is Gas from Uranus. Uranus is a giant Ice Planet.

"On the first date to properly assess devotion"

first date = July 1st? devotion= diamond hands

So: Arrive on Uranus on July 1st to see who has diamond hands.

Seems like heavy volatility between now and then..? Big crash, naked shorts exposed, and then launch.

My 2 cents worth.

Any ideas I am missing?

Oh, by the way - DRS YOUR SHARES. THIS IS THE WAY!
