So... I'm stoked about today and can't wait to see what tomorrow brings, but I'm curious about something I haven't seen anyone mention.

I'm not trying to be "that guy" or yuck anyone's yum, but could part of this gme run be those shares settling? I thought that they had up until that time, which means they could have done it today?

■■■■ Idk... I'm a smooth ape... I buy... I hodl, and most importantly, I HODL for the x apes
