

Title: Unless each of you speak up, contact your legislators, the SEC, etc. and make your voice heard on SR-NSCC-2022-801 and SR-NSCC-2021-003, everything thus far will be in vain. They are rewriting the rules and giving themselves a "free pass" so they don't have to pay us.

The idea that they want to change the rules mid-game is disgusting enough, but if you sit back and let it happen, well, shame on you.

SPEAK UP!

They are basically wanting a new rule that allows them to not be held responsible and to get off without paying what they owe for their fuckery with GME.

This is total bullshit and everyone of you should read up on this, and be pissed off as hell, AND, DO SOMETHING.
