```

```
description : [REDACTED] is a philanthropic effort in support of Medical
Ministry International (MMI). The collection consists of 741
images capturing life in in Accra, Ghana, all taken during
my wife's most recent medical mission trip there. All after
tax proceeds from this collection's primary sales will be
donated to Medical Ministry International (MMI) to provide
grants for others providing necessary medical care.

name : [REDACTED]
description : In collaboration with 8 artists from the nonprofit Project
              Onward, [REDACTED] is the first neurodiverse NFT series
              produced with a studio supporting artists with intellectual
              disabilities. \n\nProceeds benefit the artists & help
              support Project Onward, a 501(c)3 Chicago studio dedicated
              to the creative growth of adults whose lives are impacted by
              mental illness and developmental disabilities.
