I understand our origins and the tradition of being dumb but some things have to stop eventually.

I never understood the pictures of women with Ryan's face on them. Twitter is full of that shit and you can't browse Ryan's tweet comment section without having to watch a video of some girls dancing with Ryan's face stuck on them. It is legit weird, creepy and unprofessional. You might not care what others have to say about us, but please respect people like me who are trying to spread the word and inform people about the entire movement by sharing all the information we have collected in the past 2 years.

I understand that you are having fun and all, but to an extent. If I were Ryan Cohen I'd definitely get bored and creeped out by all of my tweets being girls and whatnot with my face on them. And lastly regarding Ryan, please stop making him look like a God. I truly love him but the entire thing where you guys name your babies with his name or get tattoos of him is just weird, it makes us look like a legit cult. That's all I have to say, and I come in love
