DRS your shares or else you may realize the hard way just how important it is to have [full ownership rights with your shares]([https://www.computershare.com/us/becoming-a-registered-shareholder-in-us-listed-companies#:~:text=Can%20I%20buy%20and%20sell,charges%20fees%20for%20these%20services](https://www.computershare.com/us/becoming-a-registered-shareholder-in-us-listed-companies#:~:text=Can%20I%20buy%20and%20sell,charges%20fees%20for%20these%20services).)).

One example where DOLE had too many shares and [brokerages, Cede & Co., and the DTCC made a profit from their

loss.](<https://www.bloomberg.com/opinion/articles/2017-02-17/dole-food-had-too-many-shares>) For those of you who are visual learners, here is a post of a [video made by Dr. Susanne Trimbath]([https://www.reddit.com/r/Superstonk/comments/wj7ach/dr\\_trimbath\\_clip\\_with\\_an\\_example\\_of\\_what\\_happens/?utm\\_source=share&utm\\_medium=web2x&context=3](https://www.reddit.com/r/Superstonk/comments/wj7ach/dr_trimbath_clip_with_an_example_of_what_happens/?utm_source=share&utm_medium=web2x&context=3)) (former member of the DTCC). Today I sold movie stock at peak to buy more GME so I can personally tell you, that selling is a 3-day settlement period just the same as a cash account with a brokerage. Any questions about FUD? Leave a comment and I'll answer it honestly. On that note, the proof is in the pudding:
