My neighbor is the CEO of Goldman Sachs, BofA, Fidelity, Computershare, Blackrock, GameStop and is a 4-star general at Space Force. I walked by him a few weeks ago and i said "Mr. CEO sir what's going on with space are there any upcoming moon missions" and I shit you not he said "yes Mr. buyeverypeak but you must buy, hold, drs GME shares" I said yes sir. This is NOT financial advice but I personally trust the experts. Do what you want with this information
