Today is my birthday, a celebration I share with DFV (dyad in the force?) and I have been waiting to get to this date to officially post my beautiful purple ring on this sub. Xxx taken out of the dtcc and directly registered in MY NAME! I have bought at \$362 and I have bought at \$78 and will continue to do so until the price reflects the value of my favorite company! Thank you apes for the incredible education, community and life changing wealth that I now have!

God Bless you all.
Buy. Hold. Drs.

This is the way.
