I can't believe the GME saga has lasted this long. I surely would not be around if it weren't for all you wonderful sons-a-bishes with the best DD, memes and hype videos. The downside to this madness has been the hit my social life has taken. I no longer enjoy talking about bullshit and standard small talk. I want to examine, learn, and maneuver this market, and you bastards are the only ones that enjoy conversing about our beloved golden tickets as well as the fuckery and crime that transpires. Thank you all for each and every contribution. I love you!
