It's a day after the 22nd, but an IBKR order triggered for 5 more GME to take me to a total of 69 shares.

I have 42 in Stake, 26 in IBKR and 1 in the ether on it's way to CS to start the DRS Exodus

But then the market gave me an extra bonus for being a good ape with a mini-dip that used up my last dollars in Stake, and added another 5. Wonderful day.

Next Milestone is XXX. LFG
