The Oculus commercial was as bullish as it gets for GME (imho). That is a small glimpse into what is in store... literally and figuratively. As for the Etrade baby commercial.. whatever.. it was kinda funny, don't be so serious. If anything, it's proof they love to hate us.. so we obviously have their attention... and for that, I sleep well. Best of luck to everyone.

EDIT: The prop ends at a space station.....■
